# BINOD SUBEDI

## OBJECTIVE

I am excited about the prospect of diving into the world of web development through a dynamic internship. I can build a responsive website with the help of my HTML, CSS, and Bootstrap with the touch of JavaScript using my intermediate skills. I am excited to include my knowledge about the version control platforms such as Git and GitHub. I am constantly trying to leverage my proficiency on JavaScript and trying to expand my expertise on NodeJS and React. I see this internship not just as a chance to contribute but also as a fantastic opportunity to absorb new skills and experience.

## SKILLS

HTML, CSS, Bootstrap, Media Queries

JavaScript, NodeJS, ReactJS

Git

Soft Skills

## PROJECTS

**HTML, CSS, AND BOOTSTRAP**

I have created multiple projects using html, CSS, and Bootstrap while I was learning those topics which can be explored on my GitHub profile.

**JAVASCRIPT, NODEJS, AND REACT**

I have completed multiple JavaScript projects while learning JavaScript like password generator, to - do list, analog clock, alarm clock, etc. and I am currently learning react, so I am yet to work on projects.

**VERSION CONTROL**

I know version control as I have pushed some of my projects on GitHub. To check out my projects on GitHub: https://github.com/binodsubedi178

## EDUCATION

**HIGHER EDUCATION**

I passed my high school in 2020 with CGPA of 3.15 choosing science faculty from my local college in my hometown Nepal.

**UNDERGRADUATE**

I am currently pursing my Bachelor of Information Technology at Kings Own Institute; Sydney and I am currently on $5^{th}$ trimester. And my course is expected to be completed in 2025.
